\$482,400 IS LOAN QUOTA FOR COUNTY

Definite Information Comes to L. C. Griffiths, County Chairman, From State Director.

LARGER THAN ANTICIPATED

Attractive Features of Bonds, However, Insure Rapid Receipt of Applications.

Jackson county's quota in the Victory liberty loan is \$482,400.

This information came officially to L. C. Griffiths, chairman of the county organization, from Marcus Sonntag, who is state director for the thirteen southern Indiana counties located in the Eighth federal reserve district. The amount is about \$30,000 more than was expected, although some of the workers here believed that the estimate of \$450,000 was too low. The quotas for the various counties are based upon population and wealth.

It is pointed out that the deposits in the banks in the country are larger than ever before, and this was undoubtedly taken into account when the apportionment was made. It is stated that on August 1, 1914 the deposits in the Jackson county banks were \$1,892,000 while on March 4, 1919, after the four Liberty loans were floated and more than \$600,000 of War savings stamps were taken up, the total deposits were \$3,446,000, an increase of approximately \$1,554,000. This statement shows that there is no money shortage in the county and that the depositors are waiting for an opportunity for good investments.

Although the canvass for subscriptions has not been started, the loan workers are of the opinion that the quota for the county will be taken up quickly. The treasury department has announced that no oversubscriptions will be received in the Victory loan and this will insure early applications as the investors of the country are anxious to take advantage of the bonds bearing the higher interest rate and exempt from taxation so far as the average purchaser is concerned.

The education campaign is going forward in a most encouraging manner. Meetings were held Monday night in Carr and Driftwood townships and the following men made addresses: Judge John M. Lewis, Thomas M. Honan, T. A. Mott, R. A. Greeman, Dr. L. B. Hill, Jay C. Smith and W. C. Young.

Harry C. Hill, president of the College of Music and Fine Arts, Indianapolis, will deliver the address at a big meeting at Brownstown tonight. A big crowd is assured as Mr. Hill is a speaker of exceptional ability and his explanation of the need of the government for a successful Victory loan will be interesting.

Other meetings in Brownstown township will be held at Lahrman, Mullen, Gossman, Pleasant Grove, Durland, Slygo, Ratcliffe Grove, Gorbettown and Braden. The speakers are: L. C. Griffiths, C. S. Mercer, F. W. Wesner, O. O. Swails, E. P. Elsner, R. A. Greeman, Dr. J. K. Ritter, W. C. Young and A. L. Walters.

COLLISION AT CORNER

Automobile and Buggy Crash at Seventh and Walnut.

An automobile driven by Ben Simon and a small buggy driven by Sylvester Carr collided at the corner of Seventh and Walnut streets about 8 o'clock last night. Mr. Simon said that he did not see the approaching buggy until he was close to it as the headlights were not thrown on it when the car was making the turn. The front wheel of the buggy was broken but the buggy was not overturned. The harness was also broken. The bumper on the Simon car and one headlight were damaged. No one was injured.

M'CURDY EMPLOYED TO CHECK SIDEWALK SURVEY

Property Owners on West Third Street Not Satisfied With Line of New Grade.

A special session of the city council was called Monday night to consider objections which were made against a sidewalk, curb and gutter grade which was given by Robert Hall, city engineer, on the block on Third street between Walnut and Poplar streets. Part of the work has already been completed, but some of the property owners thought that the grade from the alley in the center of the block westward was too low and petitioned the council to have another engineer verify the grade given by Engineer Hall.

On motion of Ireland, the council employed J. E. McCurdy, former city engineer, to go over the work and check up the grade already given. McCurdy made the survey this morning and was instructed to report at a special session of the city council tonight. What action is taken in the matter will depend largely upon the report of McCurdy, it is understood. The councilmen have personally inspected the grade established by the city engineer and some of them have expressed the belief that the degree of fall west from the alley was too great. Hall told the members of the council that he had set the stakes according to the established grade.

REQUESTS BEING FILED FOR OIL ON THE STREETS

Number of Residents Are Endeavoring to Secure Applications For Entire Blocks.

A number of petitions for oil streets, under the provisions which have been adopted by the city council, are being filed with Mayor Burkart, who has taken charge of the matter. When sufficient applications are filed to justify the purchase of a tank of crude oil the order will be placed.

The city street force will apply the oil without charge to the petitioners, the old street sprinkler having been equipped for this purpose. It is stated that no petitions can be considered unless they are for entire blocks. It is pointed out that it is of little use to oil a part of block as the dust from the portion that is not treated will fly over a wide area. A number of persons who are interested in the movement to have the streets in front of their homes oiled are endeavoring to secure the applications of all who live on the block. The cost will range from \$3 to \$5 per fifty-foot lot, depending upon the width of the street.

MANY VISITORS EXPECTED HERE FOR CELEBRATION

Elaborate Plans Being Made for Welcome of Returned Soldiers, Sailors and Marines.

The local committee that has charge of the arrangements for the welcome celebration for the returned soldiers sailors and marines in Jackson county to be held here next Saturday, expects a great crowd of visitors. An interesting program will be given in the afternoon and at night an address will be given by United States Senator James E. Watson.

The celebration here will be the opening feature of the Victory loan campaign and the necessity of making the campaign a success will be emphasized. The president and secretaries of the various district organizations held a conference here Saturday and they are planning on conducting a canvass in each district on Sunday and Monday so that the final reports can be filed not later than 9 o'clock Monday night.

Mr. and Mrs. Lawrence Hattabaugh returned today from an extended visit with relatives in Resse, Texas, and other points. They will make their home in this city.

ASSESSORS MAKE STEADY PROGRESS

Appraisalment of All Property to be Completed Before the First of Next Month.

BIG INCREASE TO BE SHOWN

Interest of Property Owners Centered Upon the Probable Rate for Next Year.

The township assessors and their deputies are completing the final lap of their sixty day job and must have their reports finished and on file before the first day of May. The work is progressing much more rapidly in all townships since a thorough understanding has been reached as to the basis of appraisements and it is understood that practically all property is being listed at one hundred per cent. cash value.

The state tax board has made it quite plain to the assessors in this county as well as those in other counties in Indiana that no other basis of appraisal will be accepted and that the returns will be sent back for revision if it is shown that the property of any taxing unit was taken at less than its actual cash value.

The increased assessments can only mean a material boost in the total appraisements in the county and some taxing officials are of the opinion that the total will be at least doubled. The probable tax levy for 1920 is the center of interest for all property owners as they realize that if all property is not taken at one hundred percent. value those whose property was taken on that basis will have more than their share of the tax burden to carry next year. It will be several months before the levy for next year can be figured out. When the returns are made to the county assessor he will find it necessary to go over the auditor's books and ascertain just what amounts were raised this year for the different public funds and then figure the tax levy for 1920 according to the appraisements.

Some time ago the Seymour chamber of commerce appointed a special committee to ascertain on what basis property in other townships is being listed. The committee is collecting data from various sections of the county, but has not yet received sufficient information to compile a report for the membership of the chamber of commerce. Requests for figures have been made from James Branaman, county assessor, and he has assured the local committee that he will co-operate with them in every way possible and will furnish the reports as soon as they are compiled. In the meanwhile the committee will make an investigation of its own and ascertain how property is being appraised in different parts of the county. The purpose of this committee is to work with the assessing officials and see that all property is taken on the same basis.

JAPANESE AMBASSADOR TO LEAVE UNITED STATES

To Take up Certain Matters With His Government, Official Statement Says.

Washington, April 15—Viscount Vishii, Japanese ambassador to the United States is returning to Japan, it was officially announced at the Japanese embassy today.

"The ambassador is returning to Tokyo with a conference regarding the various matters before the Japanese government," the statement declared. "The ambassador departs the first of May."

Vishii first indicated his intention to return several weeks ago. It was stated today there is nothing in the situation between the U. S. and Japan that would require his resigning the post here. Nevertheless both officials and diplomats understand he will not return.

REGISTRATION LAW QUITE DIFFERENT

Both Men and Women Are Now Interested in The Provisions Made by Last Legislature.

TWO SESSIONS OF BOARDS

One Held Fifty-nine Days and Another Twenty-nine Days Previous to Election Date.

Heretofore the women of Jackson county have had little interest in registration and election laws but since they have been given the right by the state legislature to vote for president, there are certain requirements that must be met before they are qualified to cast their ballots. As a result of the new law registration regulations are of equal interest to men and women. The recent legislature made radical changes in the registration law and precinct sessions will be held on the fifty-ninth and twenty-ninth days previous to the general election.

Electors may go before the board in person to register, or they may fill out an application and swear to it before a notary, or have it signed by two voters, and send it or mail it to the registration board.

Special provision is made for the registration of women voters. The law says that the words "voter," "applicant" and "elector," and the personal pronouns used in connection with these words "shall mean any person, male or female, who shall by any law of the state of Indiana have the right to vote at any election."

If a woman's name is changed, after she is registered, and before the general election, either by marriage or divorce, or by court decree, she can get a certified copy of the

MILLION NEW HOMES AND APARTMENTS ARE NEEDED

Building Industry Was Slighted During Period of War, Department of Labor Asserts.

By United Press.

Washington, April 15—One million new houses and apartments are needed throughout the country, the department of labor estimated today. The war caused such a slackening of the building industry in everything except war essentials that the demand for homes is now the greatest in the history of the country, officials stated. Reports up to April 10, showed that this demand is being met very slowly, probably due to the cost of materials. Efforts are being made to get this work under way promptly. The "own a home campaign" is being conducted with the view of inducing people to put their higher war wages into their own homes.

8,000 PHONE OPERATORS IN BOSTON ON STRIKE

Thousands of Others Expect to Join Walk Out Unless They Get Wage Increase.

By United Press.

Boston, April 15—Approximately eight thousand operators of the New England Telephone and Telephone company in New England went on strike at 7 o'clock this morning to enforce their demands for increased wages.

Hospitals and institutions of every description where telephones are depended on in emergencies were without service. Practically the entire telephone system of New England was paralyzed.

Nearly 12,000 other telephone employees will join the strike of the operators today, according to union leaders.

GERMANS BELIEVE THEY ARE WINNING

Teutons Becoming Imbued with Idea That Delays Work to Their Advantage.

(By Frank J. Taylor, United Press Staff Correspondent.)

Berlin, April 15—The Germans are becoming more and more imbued with the idea that although they have lost the war, they are winning in the peace conference. This is largely a development of the past month. Two months ago the Germans were ready to accept any peace the allies might impose. Now the people are becoming independent to the extent of "cockiness."

I do not know whether the attitude here is the natural result of the delays in Paris and the continuous stream of reports of allied differences which are widespread in the German press, or whether it is part of an organized plan on the part of the Germans.

It is probably both for members of the old regime certainly are making the most of the situation, endeavoring to educate the Germans up to the idea that they ought to turn Bolshevik if the peace terms are unsatisfactory, and that if the allies can hardly agree among themselves when there are no Germans present, a few German diplomats on the ground could quickly give the allied peace program a permanent setback.

For instance, Count Von Bernstorff gets much delight out of the way things are going in Paris. I met him on the street the other day and asked him what he thought of the situation.

"The situation is all in Paris," he replied. "It isn't very diplomatic to say this, and I suppose I ought not to tell it—but we've been damn fools in the past and have made some awful blunders. However, we never had anything on Paris!"

Bernstorff was the first man I remember hearing predict the possibility of Germany "going Bolshevik" if the allies were over-harsh according to German ideas. Then President Ebert talked the same way; then the other cabinet members; then the newspapers grabbed the idea and propagated it widely, and now you hear it on every hand.

Every waiter will tell you that Germany has the peace conference up a tree and that she will turn to Russia if her delegates do not like the peace terms.

GENERAL WILLIS GOES TO ARCHANGEL FRONT

Morale of American Troops in Russia is Improved, Washington Declares.

By United Press.

Washington, April 15—Brigadier General Willis Richardson, commander of the American troops at Murmansk, Russia, left yesterday with his staff and replacement officers, to take charge of the situation of Archangel, where American troops mutinied two weeks ago, the war department announced today. General Richardson wired General Pershing Sunday that the military situation in his sector appeared satisfactory. It was said at the department that the morale of the American troops has been restored at least in part. Richardson's message told of a battle between friendly Russians supported by allies and bolsheviks on April 11. The bolshevik casualties were forty-six killed, nine wounded and twenty-six prisoners.

INDEFINITE OCCUPATION OF RHINELANDS UNCERTAIN

Secretary Baker Says Volunteers Will be Used If Americans Are to Remain There.

By United Press.

Paris, April 15—Secretary Baker in an interview with correspondents today said he did not know yet whether the Americans would participate in the indefinite occupation of the Rhineland. If American forces should, he said, they would be composed of volunteers. The secretary said the army hoped to repatriate 275,000 soldiers in May and 300,000 in June. He said he expected to return to America in about ten days. In the meantime he will co-operate with the liquidation commission in handling American materials and structures. He will review some of the troops and probably visit Coblenz.

TERMS TO BE GIVEN GERMANS APRIL 26

Outline of The Peace Program Announced by The World Conference in Paris.

MEETING AT VERSAILLES

President Wilson Expected to Call Special Session of Congress About June 1.

Paris, April 25—The peace program was outlined today to the United Press as follows:

The treaty will be handed to the Germans April 25. If the Germans have plenary powers, it will be signed almost immediately, otherwise it will first be submitted to the German government at Weimar.

Separate treaties will be presented at Austria, Turkey and Bulgaria within a few days after the Germans arrive at Versailles.

As soon as all treaties are signed, a period of printing to thirty days will be permitted for ratification by the allied governments. When two-thirds of the governments have ratified the treaties they become effective.

President Wilson is expected to call a special session of congress for this purpose not later than June 1. The foreign ministers' council met today to discuss the mechanical details of the final peace session. Under present plans, a plenary session probably will be held next week in which the new covenant of the league of nations will be presented, as well as the final report of other commissions.

No definite decision has been reached regarding the work after the German delegates arrive, but it is understood a special committee composed of the "big four" will deal with them.

The Adriatic question, under consideration by the "big four" today, will not slow up the treaty with Germany. This and other problems can continue under debate while negotiations are under way with the Germans.

The treaty to be handed the Germans April 25 will probably consist of a general introduction in which all the principles will be set forth and will be followed by specific protocols covering separate divisions.

No definite decision can be reached until after the German delegates arrive but it is believed a special committee composed of the "big four" will deal with them. The treaty will be gone over and the various points explained. The Germans are then expected to return to Weimar and submit the treaty to their government. This plan naturally will be altered if the German delegates have plenary powers, as they will then be able to sign the treaty without leaving Versailles.

The cleaning up of the important questions involved in the treaty came like a whirlwind, and although some details are still outstanding, they can be speedily whipped into shape. The Adriatic question, under consideration by the "big four" today will not slow up the treaty with Germany. This and other problems can continue under debate while the negotiations are under way with the Germans.

The treaty to be handed the Germans April 25 will be at least 75,000 words long, according to the best informed diplomats. It will consist of a general introduction in which all points will be set forth and will be followed by specific protocols covering separate divisions. Among these protocols will be the league of nations covenant to which the Germans will subscribe although they will not be admitted to membership in the league until they are voted in under the covenant provision for acceptance of new members.

In addition to the military and naval terms, which have already been outlined, the treaty will cover all other ground completely.

The military and naval terms will contain approximately 12,000 words, reparations, the same, waterways and responsibilities about 5,000 each. Boundaries, which will require at least 5,000 words will give Alsace-Lorraine to France, as well as giving the French possession of the Saar coal mines. The valley will be ad-

WILSON'S STATEMENT
ON PEACE CONFERENCE

President Says Matters Affecting
Allies Alone Will Be Taken
Up Later.

By United Press.

Paris, April 15.—President Wilson yesterday gave out the following statement:

"In view of the fact that the questions which must be settled in the peace with Germany have been brought so near complete solution that they can now quickly be put through the final process of drafting, those who have been most constantly in conference about them have decided to advise that the German plenipotentiaries be invited to meet representatives of the associated belligerent governments in conference at Versailles on the twenty-fifth day of April.

"This does not mean that the many other questions connected with the peace settlement will be interrupted or that their consideration which has long been under way will be retarded. On the contrary it is expected that rapid progress will now be made with those questions, so that they may also presently be expected to be ready for final settlement. It is hoped that the questions most directly affecting Italy, especially the Adriatic question, can now be brought to a speedy agreement. The Adriatic question will be given for the time being precedence over other questions and pressed by continual study to its final stage.

"The settlements that belong especially to the treaty with Germany will in this way be got out of the way at the same time that all other settlements are being brought to a complete formulation. It is realized that though this process must be followed all the questions of the present settlement are parts of a single whole."

Catarrhal Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the Blood on the Mucous Surfaces of the System. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces.

SAYS THIS CURED
HIS LUNG TROUBLE

Mr. Morgan passes insurance examinations now, and feels perfectly well.

"In 1908, my lungs became so badly affected I had to give up my work. I coughed all the time and finally had hemorrhages twice a day. My lungs and shoulders ached so I could hardly live. Two physicians told me I had consumption, said they could do no good, and advised me to change climate."

"Finally a friend gave me a bottle of Milks Emulsion. It did me so much good that I continued taking it, and in 4 months it cured me sound as a dollar."

"My lungs are now as strong as ever. I weigh 147 pounds, which is more than I ever weighed before. I work all the time, can expand my chest six inches, and am able to pass lodge and insurance examinations without any trouble."

—Otto Morgan, 420 Pearl St., Terre Haute, Ind.

It is not claimed that all advanced cases of this kind are curable, nor that any such case is curable. But Milks Emulsion costs nothing to try in any case, and it has restored hundreds of hopeless victims to health.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physic. It promotes appetite and quickens the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to run-down nervous people, and it has produced amazing results in many cases of asthma, chronic bronchitis and tuberculosis of the lungs. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. A truly wonderful medicine for weak, sickly children. No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles each with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold and guaranteed by C. E. Loertz.

BAD BLOOD

You are pale, thin, weak—with little vitality. Your liver is sluggish and the bad blood causes your stomach muscles to lose their elasticity and become flabby and weak—then indigestion.

Doctor Pierce's Golden Medical Discovery, made from wild roots and barks, and free from alcohol or narcotics, is the great and powerful blood purifier of to-day. Ingredients printed on wrapper. This tonic, in liquid or tablet form, is just what you need to give you vim, vigor and vitality.

Take it as directed and it will search out impure and poisonous matter throughout the system and eliminate it through the natural channels.

You can procure a trial package by sending 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Stevens Point, Wis.—"Ever since I can remember, when I was a child at home, Dr. Pierce's medicine have been our family medicine. About two years ago I was very much run-down. I suffered loss of appetite, my blood was bad and I had no ambition to do anything; I was miserable. I got so bad I had to take to my bed. I started taking Dr. Pierce's Golden Medical Discovery. I soon began to feel better and three bottles of this medicine was all I had to use to put me in fine condition. I had a good appetite, my strength came back, and I once more felt that life was worth living. There is no better medicine—I do heartily recommend it. I shall be glad to answer any communications in regard to this medicine if stamped envelope is enclosed."—Mrs. A. W. Hawley, Route 3.

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

We Spent Five Billion Dollars to Save One Hundred Thousand Lives, Three Hundred Thousand Wounded, and Fifteen Billions of Additional Expenditure

A YEAR AGO even the most optimistic did not dream that the War would be terminated until after the Spring Drive of 1919. Few really expected it to end before the late summer or early fall, least of all the Germans.

But America buckled down to work in a manner typical of the Nation.

An Army of 7,000,000 men was planned—money was appropriated for a storm-cloud of aeroplanes—factories built to turn out tons of poison gas; and a bridge of ships to span the Atlantic Ocean was contracted for.

As a result Germany was *forced* to capitulate, for her spies told her that further resistance was hopeless.

At the very lowest estimate this unparalleled flood of money saved 100,000 lives, 300,000 wounded and fifteen billion dollars of additional expenditure which would have been lost in six months more of fighting—according to the official statistics of the War Department.

The money thus spent in scaring Germany to death is the money we now must raise in the Victory Liberty Loan. We've had value received for every penny—now let's pay our bills!

The happy couple left on the evening train south for a short wedding trip after which they will go to housekeeping at once in their own lovely home. Mr. Krenke recently purchased and has all furnished for his bride at 2325 South 1 street.

WILSON—HARTMAN.

The following article is taken from the Jeffersonville Evening News concerning the marriage of Miss Helen Wilson, daughter of Mr. and Mrs. Harve Wilson, of Jeffersonville, formerly of this city:

A beautiful wedding was that of Mr. Roy L. Hartman and Miss Helen Wilson who were married by Father Halpin Saturday evening. The bride wore a French blue satin dress and georgette hat to match and carried pink roses.

The bridesmaid wore a pearl grey georgette over pink satin and grey georgette hat and carried pink sweet peas.

The attendants were Miss Edna Ford and Frank Harffel.

The friends of the bridegroom and bride had a phony warrant issued for Mr. Hartman and it was served by Policeman Dolan. He was instructed to appear in the city court Monday morning.

He said "Please grant one request" that was to give him time to return from—. No one knows why he wished to delay the trial unless it was to make his will.

Mr. and Mrs. Hartman leave this afternoon for Huntington over the New York Central Railroad.

They have the hearty congratulations of their many friends in this city.

FOR MISS JAMES

Mrs. Lester Connersley entertained with a six o'clock dinner Monday evening at her home, 517 North Walnut street, complimentary to Miss Gertrude James. Miss James has been employed as art instructor in the public schools in this city for several years and expects to leave soon for Washington, D. C., to accept a government position. Covers were laid for Miss Eleuthera Davidson, Miss Sena Sutherland, Miss Katherine Quinn, Miss James and Mr. and Mrs. Mrs. Connersley.

AUTO SOCIAL

An Auto Social will be given for the first M. E. Sunday School members and friends this evening at 8 o'clock at the Sunday School rooms at the church. The entire evening will be taken up with progressive auto stunts after which refreshments in keeping with the evening's entertainment will be served. All automobile accessories free. Every Sunday School member and friend invited.

BEDEL—QUINN.

Miss Anna Bedel, of Louisville, and John T. Quinn, Jr., son of J. D. Quinn of Chestnut Ridge, were quietly married at Jeffersonville Saturday afternoon, April 12, at 5 o'clock by the county clerk. Orval Bedel, brother of the bride, and Mary Lewis were the only witnesses to the ceremony. They will make their home at Seymour. Mrs. Quinn is a daughter of Leonard Bedel, of Louisville.

FINDLEY—SAGE.

Miss Rose Findley and Elmer Sage son of Mr. and Mrs. James Sage, of Uniontown, were married Saturday evening at the Court House, Scottsburg. The bride is a daughter of Mr. and Mrs. John Findley, of the Beech Grove neighborhood. They have gone to housekeeping on the Elmer Conway farm, at Uniontown.

HILL—ELSTON

both of this city, were quietly married at 4 o'clock Monday afternoon at Jeffersonville. Both Mr. and Mrs. Elston have been employed at the Palace Restaurant and are well known in this city. Mrs. Elston is a daughter of Mrs. Della Hill, of Jonesville. They will make their home here.

BIRTHDAY DINNER.

Mr. and Mrs. T. R. Carter and Mrs. Eliza Stratton entertained a number of relatives with a twelve o'clock dinner today in honor of the birthday anniversary of Mrs. W. A. Carter.

CLARK-KRENKE

The following account is taken from the Bedford Mail. Mr. Krenke has a large number of relatives living in this city and vicinity.

Miss Clara Clark and Mr. John Krenke were quietly married Sunday

afternoon at 2:30 at the home of the bride's sister, Mrs. Arthur Baner, 408 South Main street, Salem, Ind., only the immediate relatives being present. The wedding was very quiet owing to the recent death of the groom's mother.

The beautiful ring ceremony was used to unite them in holy wedlock.

The bride was lovely in a beautiful blue suit, dainty georgette waist

and large picture hat and wore a corsage bouquet of bride's roses.

Mrs. Krenke is the youngest daughter of Mrs. Bluford Clark, south of Salem, having made a host of friends since coming here, where she has conducted a successful dress making shop.

Their host of friends wish them every joy and happiness.

"OUR STANDBY"

Ohio Lady Tells How Black-Draught Liver Medicine Keeps Her Family in Good Health.

Hillsboro, Ohio.—Mrs. Myrtle Jenkins, of this address, says: "I cannot say too much for the benefit I and my whole family have derived from the use of Black-Draught. It is our standby and as we often say 'our doctor bill saver.' If one of the children begin to complain of head or stomach ache or any of the signs that go with a torpid liver, or constipation, I give them a good dose of Black-Draught and they most always get allright.

I often feel out of sorts and get a bad taste in the mouth, then I take a good dose.

I at one time had a case of chronic constipation and was nervous and run down on account of it. Also had awful headaches. I would take pills and other medicines that would gripe me and then I would be more constipated than ever. This is how I first began the use of Black-Draught, first in full doses, then in small doses, and was cured.

My children get a cold and I have never found a better laxative. I cannot say too much for what Black-Draught has done for us."

Thedford's Black-Draught should be in your medicine chest. Get a package today. All druggists, 25 cents a package. One cent a dose.

Soldiers' Letters

In Hunland.

Accompanying his picture in the Indianapolis Star, appeared the following article relative to Lawrence Horning, formerly of Seymour:

"Private Lawrence W. Horning, a member of the 6th Regiment of Marines, now stationed at Leutesdorf, Germany, writing to his mother, Mrs. Henry Gardner, 622 Home Place, enclosed a postcard picture of himself and three of his 'bunkies,' from different parts of the country. The picture was taken in Coblenz and the likenesses are those of Private Horning, John D. Herreran and Isaac W. Johnson of Pennsylvania and Clyde Van Meter, who is music director of the regiment. Describing conditions in Germany he says:

"The people here have not very much to eat, sauerkraut, potatoes, smacrause and wine are plentiful, but there is not much of anything else. A family of three is allowed one pound of meat a week. Butter, or rather a greasy substance that looks like butter, is very scarce. The bread is almost black and is as hard as a rock. No white flour, no oil, no lard and no soap. The people I am billeted with are named Schneider and the old man is a typical Hun. They have three daughters and a boy—who is in an American prison camp somewhere in France. He was one of those who put up his hands and yelled 'Kamerad,' when we went over the top."

"Private Horning's pride in his regiment is shown in the following:

"We have just received word from our lieutenant that Gen. Pershing is coming to inspect us Friday and we are cleaning our equipment and brushing our clothes and shining our rifles. You see we want to make him ashamed of not having enlisted in the marines!"

CHIEF EXAMINER ISSUES HIGHWAY LAW RULING

Gilbert Hendren Holds Township Road Money Shall Be Paid Back to Trustees.

Gilbert Hendren, chief examiner of the state board of accounts, has issued a ruling to county and township officials that the township road money which was paid to county auditors must be returned to the trustees. The ruling is based upon the findings of the attorney general who held that the trustees are responsible for the maintenance of township roads and must retain supervision of the funds.

The letter, issued by Mr. Hendren to all township trustees, county treasurers, county auditors and county attorneys, is as follows:

"1. Under the provisions of the inclosed opinion by the attorney general the county treasurer shall pay all township road taxes to the respective township trustees.

"2. In all cases where the township trustee has heretofore paid over to the county treasurer the balance of road funds in his hands, the county treasurer, upon authority of the attorney general's opinion shall immediately pay over said road funds to said township trustees, upon a warrant drawn by the county auditor, less than any sum that may have been expended for labor or material by the board of county commissioners in any such township or townships.

"3. Pursuant to the inclosed opinion it shall be the duty of the township trustees to oversee the repairs of township roads as formerly done as a part of their official duties under the direction of the board of county commissioners.

"4. The inclosed opinion is supplemental to, and explanatory of, certain portions of the opinion of the attorney general dated March 29, 1919."

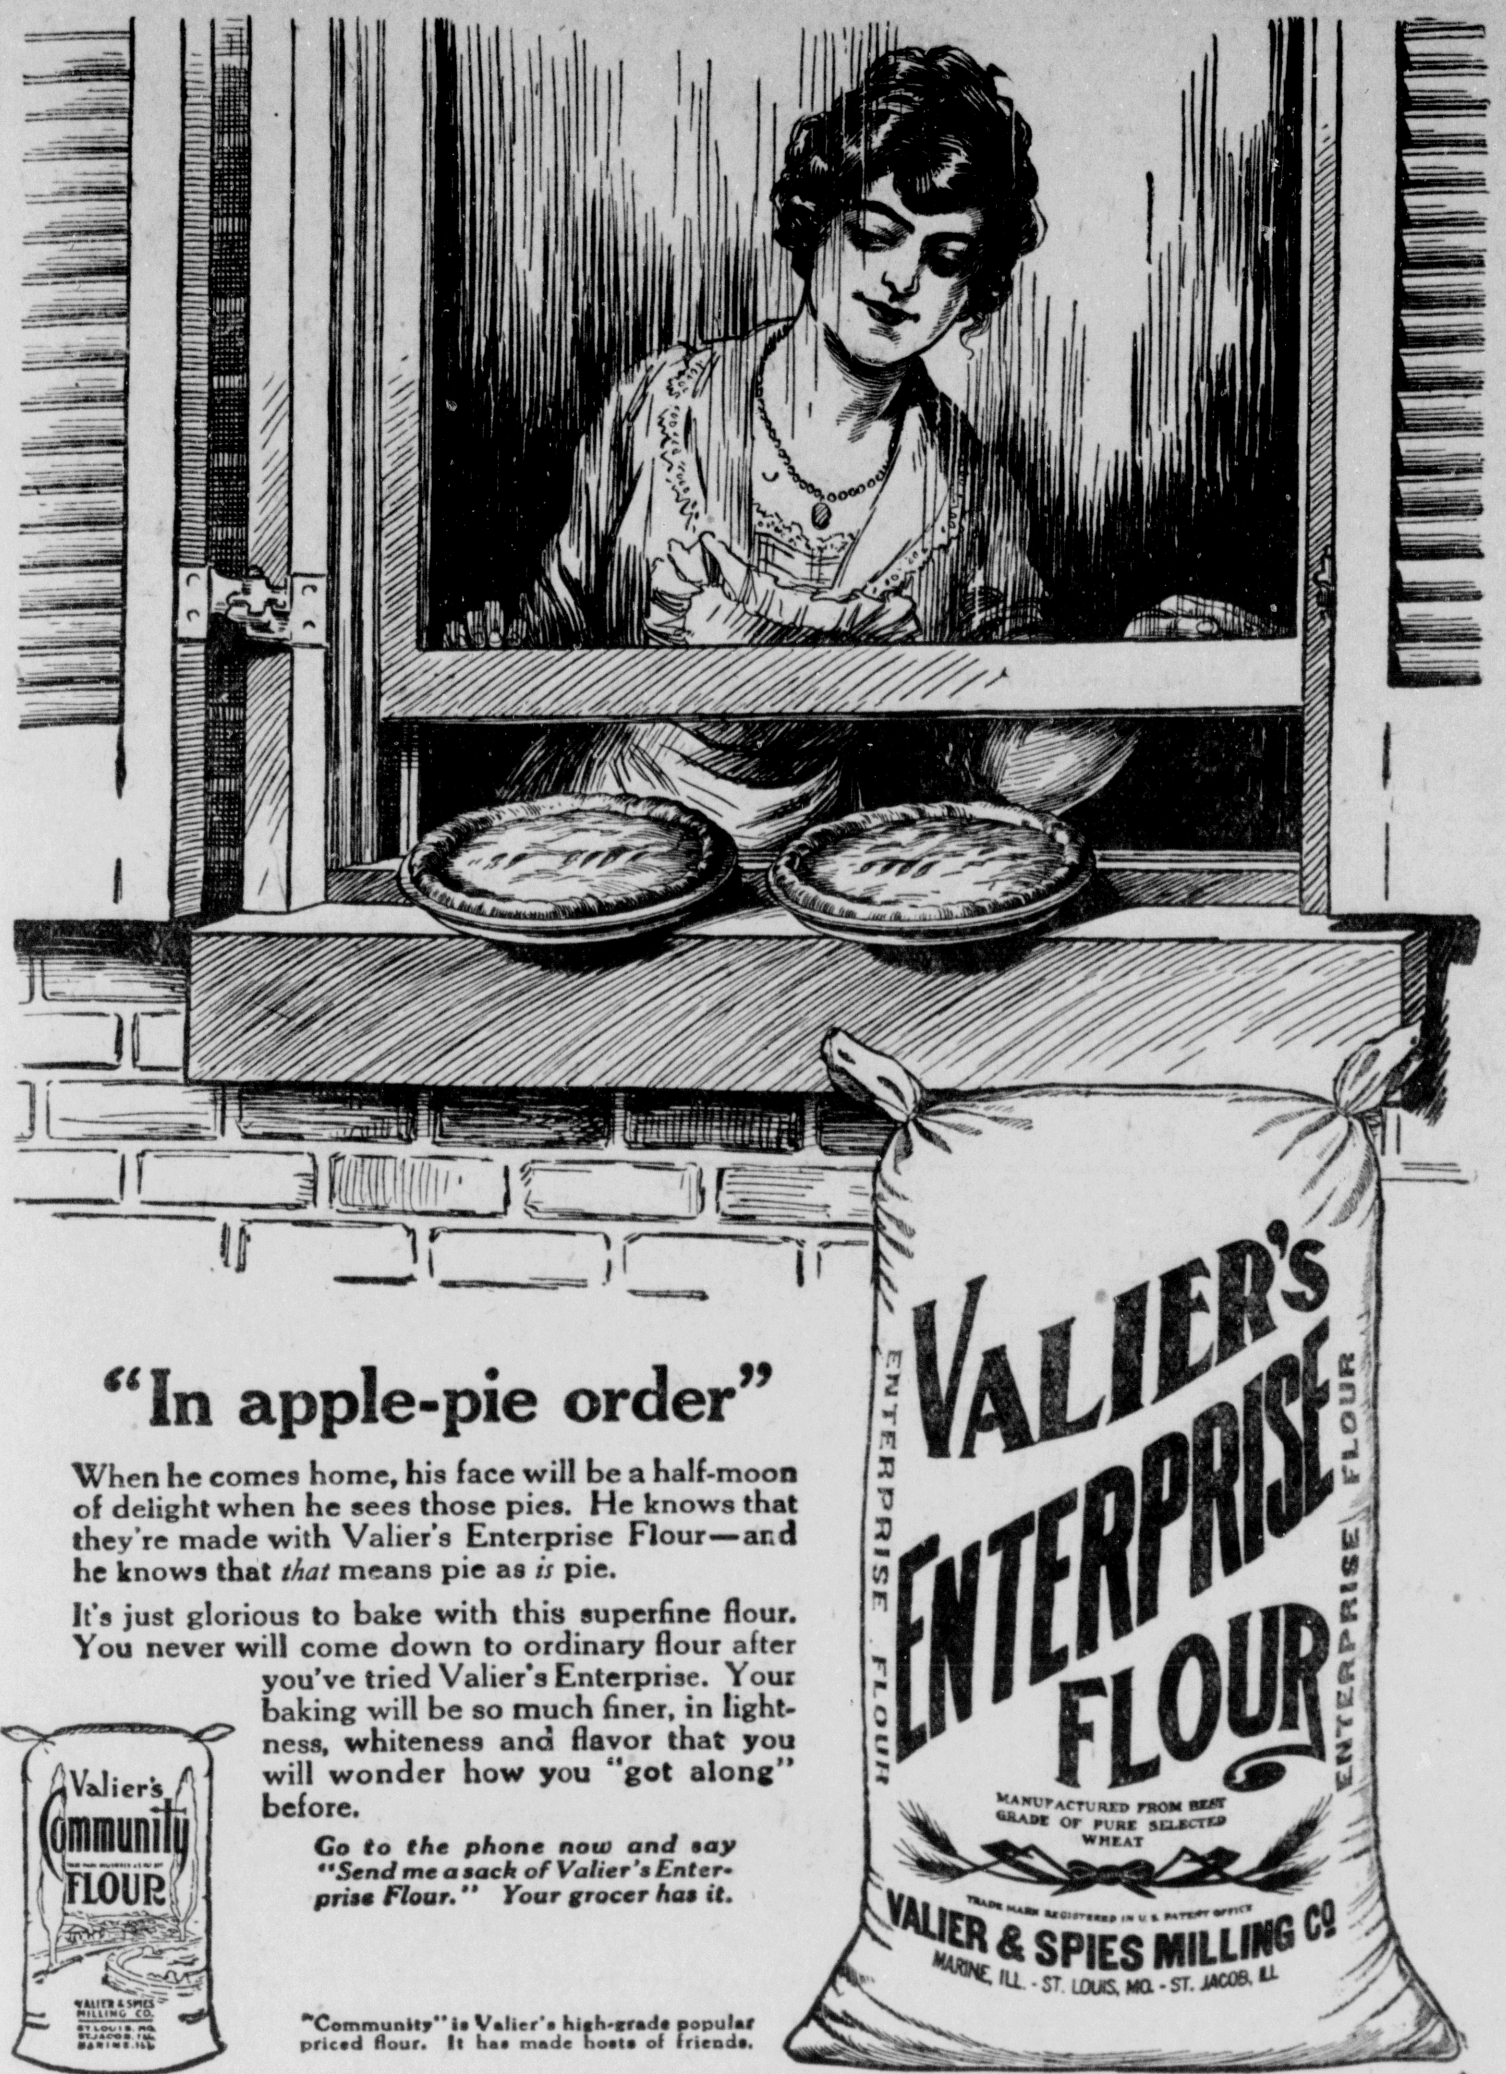

Dairy Association Meeting.

By United Press.

Indianapolis, April 15—Members of the executive committee of the Indiana Dairy Association assembled here yesterday to plan organization of the state dairy council to advertise the merits of dairy products as food. The movement would be an educational movement conducted through the schools and newspaper advertising. Plans for a Southern Indiana dairy convention were able to be taken up by the committee.

Senator Sherman to Speak.

By United Press.

Indianapolis, April 15—Lawrence Y. Sherman, United States senator from Illinois, will address the fifteenth annual meeting of the Associated Employers of Indianapolis here tonight. The occasion will be their annual convention.

Senator Sherman's remarks will be delivered on "The Division of the Proceeds of Individualism" and because of the constant changes in labor and living conditions in the country, the employers attach much significance to this speech.

National and international phases of the present day industrial readjustment problems will be discussed by Sherman.

Mr. and Mrs. H. G. Stratton went to Indianapolis Monday afternoon to spend a few days.

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and keen mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, run-down, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

New Indiana Laws.

(By Charles Kettelborough, Director of the Legislative Reference Bureau, written for the United Press)

State Fair. By an act approved February 13, the state board of agriculture is authorized to borrow \$500,000 to pay off certain indebtedness on the state fair grounds and to construct new buildings and install new improvements at the state fair grounds.

Court Houses. County commissioners are authorized to lease parts of court houses for terms of not to exceed five years in counties where all of the rooms in the court house are not fully occupied by county officers.

Notaries Fees. The fee of notaries for protesting the non-payment or non-acceptance of notes, bills of exchange, checks or drafts, including his notarial seal, was fixed at fifty cents and twenty-five cents for each notice and necessary postage and fifty cents for the record of any such protest when a record is kept.

G. A. R. Encampment Expenses. The sum of \$1,000 annually was appropriated to assist in the payment of the expenses of the annual encampment of the Indiana department of the grand army of the republic and \$1,000 annually to assist in paying the expenses of maintaining the department.

TAX BOARD CONSIDERS TELEPHONE APPRAISEMENTS

First of Four Annual Sessions Provided by New Law Reconnenues Today.

Indianapolis, April 15—Members of the state tax board reconvened today to resume the first of the four annual sessions provided under the tax law.

Discussion of telephone companies of the state was again to occupy the attention of the commissioners. This is expected to continue for three days. At the conclusion of the telephone hearings, express, sleeping car, telegraph, transportation and pipe line companies will require two days.

Hearings on several other public utilities will continue the first session to May 16, a few days being scheduled for each of the following subjects: Electric street and interurban railways, steam roads, banks, trust companies, building and loan associations.

Mrs. S. E. Tucker and daughter, of North Bend, O., spent Monday shopping in this city.

Miss Elizabeth Ebbing of North Vernon, transacted business in this city Monday.

REGISTRATION LAW QUITE DIFFERENT (Continued from first page)

marriage license, or of the court order, and file it with the election board to protect her right to the ballot.

Senate enrolled act No. 162 provides the new plan for the registration of voters. It says the expenses of registration shall be paid out of the county treasury. Every order of the county commissioners dividing election precincts shall be made not later than their March session, but in cases where voting machines are adopted in the future, precinct boundaries may be modified on or before June 1, but then only by combining two or more precincts into one.

The board of county commissioners shall appoint two registration clerks for each precinct, and in precincts where voting machines are used an inspector of registration shall be appointed in addition to the two registration clerks. The registration clerks are to be of two different political parties to be nominated by the county chairmen. The clerks and

inspector are to hold office from the time they are appointed until the ensuing general election. They "shall be eligible as members of the regular election board."

Two regular sessions in each year in which a general election occurs, shall be held by the registration board, the first on Saturday, the fifty-ninth day before the election, and to be known as the October session.

Persons may register who "will be of the age of twenty-one years and upward at the next ensuing November election." The registration board will be in session for registering names and receiving applications for registration from 1 p. m. to 9 p. m.

The law says: "The names of male and female voters shall be received on separate pages, or if, on account of the large number of votes, in separate books if necessary."

Forms of application for registration are set forth in the law for both native and foreign born.

Any person unable to appear be-

fore the registration board may fill out a registration application blank, have his signature attested by a notary, or certified by two voters. The application may be sent or mailed to the registration board to be received by the board on the days it is in session, and if the board finds the application conforms to the law "they shall place the name of such applicant on the registration books in the same manner as if the application had been presented in person."

Imprisonment of from one to two years, a fine or not more than \$500 and disenfranchisement are the penalties for making a false statement in an affidavit or a certificate.

The inspector of registration or clerk in charge is to receive \$9 for each of the two registration periods and 5 cents a mile for going to and from the county auditor's office. The second clerk's remuneration is \$6 for each registration period.

Where any precinct had 600 or more voters at the last preceding general election the county commissioners may appoint two additional

registration clerks. Within ten days after each registration period the county auditor shall have made and certified a complete copy of the names on the registration books and their addresses and furnish a copy to each of the chairmen of the parties casting the highest and next highest vote for secretary of state at the last preceding general election in the county. The auditor is to be paid for this service a reasonable compensation as the county commissioners may approve.

20 Acres

on the Ewing Street road just north of Seymour, diagonally across southeast from the main entrance of Riverview Cemetery, on east side of Ewing street.

40 Acres

on the north side of the stone road leading out of Seymour to the northeast, facing the C. T. H & S. E. roundhouse.

Several Lots

in the vicinity of Broadway and 9th Street just inside the city limits of Seymour. These will be sold very reasonably.

7 Acres

on the east side of the Ewing Street road, across the street and a few rods north from the Catholic Cemetery. This is a very desirable location.

Will Divide

Any or all of the above tracts of land will be sold as a whole or will be cut up into small desirable plots varying in size from a city lot to blocks of an acre, two acres, five acres, and up, depending upon location and desires of purchaser.

Low Tax Rate

All of this land except the city lots lies just inside of Redding Township, and just outside of Seymour, thus having the advantage of being close to the city with the very low tax rate of the country; being in a different township from Seymour the likelihood of its annexation at any near future date is small.

The Gardening Season

will open soon. This offers some of the best truck-garden land in Jackson County. Now is the time to buy while the season is right and the prices low. Very liberal payment terms may be arranged.
